Portfolio -- [link](#)

Objective

A detail-oriented Frontend Developer with 1 year of experience in developing responsive, user-friendly interfaces. Proficient in HTML5, CSS3, and JavaScript, with strong skills in creating scalable, pixel-perfect web applications. Adept at collaborating with designers and backend teams to deliver optimized and functional solutions while adhering to industry standards.

Education

Bachelor's in Computer Science Engineering
Chandigarh University, Gharuan, Mohali, Punjab
July 2020 – June 2024

Experience

Apna Softwares (Full Stack Developer - MERN)
Nov 2023 – Present

- Developed and maintained responsive **user interfaces** using **HTML5**, **CSS3**, and **JavaScript** based on UX designs. [link](#)
- Optimized web applications for speed and scalability, ensuring cross-browser and cross-device compatibility.
- Built scalable backend architectures using **Node.js** and **MySQL**, integrating critical features like the **Razorpay payment gateway**.
- Collaborated with UX designers to translate wireframes into pixel-perfect web pages and worked with backend teams to integrate server-side logic.
- Conducted rigorous testing, debugging, and performance tuning to deliver high-quality, maintainable code.

Activecraft (Web Developer Intern)
June 2022 – Aug 2022

- Created responsive web applications using **HTML**, **CSS**, **JavaScript**, and **MySQL**.
- Worked on converting design mockups into functional web pages, adhering to UI/UX best practices.
- Ensured website compatibility across various devices and browsers.

Technical Skills

- **Frontend Technologies**: HTML5, CSS3, JavaScript, React.js, Bootstrap
- **Backend Technologies**: Node.js, MySQL, mongoDB
- **Tools & Frameworks**: VS Code, GitHub, Firebase, Razorpay Integration, Socket.io
- **UI/UX Collaboration**: Wireframe implementation, design-to-code translation
- **Testing & Debugging**: Chrome Developer Tools, browser compatibility testing

Projects

E-Commerce Website *(Jan 2024 – Apr 2024)*

- Built a scalable e-commerce platform using the **MERN stack**.
- Developed responsive UI components and integrated the **Razorpay payment gateway**.
- Ensured seamless frontend-backend integration and optimized for performance.

Live-Coders Platform *(Jan 2024 – May 2024)*

- Developed a real-time collaborative coding platform using **HTML5**, **CSS3**, and **WebSockets**.
- Designed and implemented responsive layouts for optimal user experience.

Spotify Clone *(Aug 2023 – Jan 2024)*

- Created a music web application with dynamic song fetching and responsive design.

Certifications

- **Web Development Training** – Activecraft
- **Machine Learning** – Coursera
- **Software Testing** – NPTEL
- **Java Programming** – Coursera
- **AWS Essentials** – Coursera

Interpersonal Skills

- Strong problem-solving and analytical skills
- Effective collaboration with design and development teams
- Excellent communication and adaptability
